- Gained new experience

Skills

programming

- java
- python

Web development

- front-end developer

Routing & Switching

Software: Microsoft Office. (Word, Excel, PowerPoint)

University Experience

Final Year Dissertation – Reliable Real Estate Portal.

- We developed a website using a library called (React js) which is a free and open-source front-end JavaScript library for building user interfaces based on UI components..
- The aim was to reduce manual work at real estate agents and prevent people going there also avoid them to use their vehicles which helps reduce environment pollution because peoples less car will be used.
- We reviewed most famous real estate agents such as Haji Salam and gathered as much information.
- The project has gone well and the places we talked to(real estate agents) have helped a lot and they liked the project.

Computer Literacy

- Microsoft Windows. (all edition)
- Mac system. (all edition)
